

Asian Gravitational Wave Astronomy Meeting School and Workshop 2026

5th - 11th July 2026

National Astronomical Research Institute of Thailand
Chiang Mai, Thailand

Distinguished Invited Speakers

Alvin Chua (National University of Singapore)

Andrew Miller (International Center for Theoretical Physics, Asia Pacific)

Bruce Allen (Max Planck Institute for Gravitational Physics)

Chunglee Kim (Ewha Womans University)

Dong Lai (Tsung-Dao Lee Institute)

Feng-Li Lin (National Taiwan Normal University)

Hyung Mok Lee (Seoul National University)

Quynh Lan Nguyen (Phenikaa University)

Mairi Sakellariadou (King's College London)

Maria Alessandra Papa (Max Planck Institute for Gravitational Physics)

Masahide Yamaguchi (Institute for Basic Science, Korea)

Myungshin Im (Seoul National University)

Otto Hannuksela (The Chinese University of Hong Kong)

Siyuan Chen (Shanghai Astronomical Observatory)

Supakchai Ponglertsakul (Silpakorn University)

Takahiro Tanaka (Kyoto University)

Wang-Wei Yu (Max Planck Institute for Gravitational Physics)

Yan Wang (Huazhong University of Science and Technology)

Yuki Inoue (National Central University, Taiwan)

Organizing Committee

Achamveedu Gopakumar (Tata Institute of Fundamental Research)

Alvin Chua (National University of Singapore)

Apimook Watcharangkool (National Astronomical Research Institute of Thailand)

Hyung Mok Lee (Seoul National University)

Ian Vega (National Institute of Physics, University of the Philippines Diliman)

Kin-Wang Ng (Academia Sinica)

Reginald Christian Bernardo (Max Planck Institute for Gravitational Physics)

Vicharit Yingcharoenrat (Chulalongkorn University)
